

CAMPING OLDIE CLUB

■ www.cocev.de

One of the most eye-catching stands at the show, the Camping Oldie Club summed up German eccentricity. Despite temperatures of -8 degrees, six members braved the weather in Hawaiian shirts and sunglasses with cocktails at the ready. The club was formed in 1988 and its 360 member families own a sum total of more than 800 campervans and caravans. Four times a year the members travel the length of Germany on classic tours, and will get as far as Maastricht for the European Caravan and Camper rally in 2012. The club celebrates its 25th anniversary next year in Stuttgart and would love to see British vintage caravanners make the trip.
